____ very poor ____ poor ____ adequate

____ very good ____ excellent

15. Any comments about your commute experience:

Glossary

Bicycle You bicycle to work if you ride a bicycle the entire way from your home to your office. In this survey, if you bicycle to a transit stop and take a bus to work, you do not bicycle to work.

Carpool You carpool if you arrive at your worksite by automobile with 2 to 4 occupants. May include occupants that are being dropped off at other worksites or companies.

Drive Alone You drive alone if you travel from your home to work by driving your car or motorcycle, without a passenger.

Transit You are a transit commuter if you ride a local or commuter bus to get to work.

Vanpool You vanpool if you arrive at your worksite by automobile or van with 5 or more occupants. May include occupants that are being dropped off at other worksites or companies.

Walk You walk to work if you walk the entire way from your home to your worksite. In this survey, if you walk to a transit stop and take a bus to work, you do not walk to work.

Thank you for completing this survey! This survey

is part of the Travel Demand Management program led by the Rapides Area Planning Commission. Many communities today are faced with the issues of congestion and increased travel times for drivers, especially during peak travel times. The general purpose of Travel Demand Management is to lessen the stress on our existing roadways and improve travel safety and efficiency. Your input on this survey is very important to us. We will keep your answers confidential.

The Rapides Area Planning Commission (RAPC) is a regional organization providing transportation planning, land use planning and development, technical assistance, geographical information, and other planning services for community members. We appreciate your support and efforts!
