Description

This is a part-time position at a professional, governmental agency and is responsible for handling front office reception and administrative duties including greeting guests, answering multi-line phones, directing calls/customers, handling company inquiries, and sorting and distributing mail. Additionally, the selected candidate will assist permit technicians with duties such as assisting customers with building permit applications, scheduling inspections, and entering electrical reauthorizations. Duties may also include scheduling meetings, registrations, and travel for staff as well as some light accounting and data responsibilities.

Requirements

Candidate skills should include effective written and oral communication, a positive interactive personality, adequate knowledge of Microsoft Office Suite and Adobe Acrobat; other software specific to the agency will require specialized training after hire. Additional clerical capabilities/experience or any related degree is a plus. RAPC is an equal opportunity employer.
